

## Innovative and Reliable Business Telephones for Large and Small Enterprise Environments

From large Enterprise to Home Office requirements, Aastra offers powerful, flexible cost-effective analog and digital telephone solutions to meet your needs. Compatible with analog Centrex, PBX/PC-PBX and standard telephone service, Aastra's Screen Phone Series, Value Series and Classic 8000/9000 Series support and enhance network features while offering a variety of interactive screen sizes and softkey options. The Enterprise Mobility CM-16 provides a cordless solution for Meridian® 1 PBX business environments while the digital MBS Business sets remain the choice of governments, call centers and institutions.
