Polycom® SoundStation Duo™
Dual-mode Conference Phone

The obvious choice for crystal clear group audio conferencing

Large organization or small, thousands of conference rooms or just one, you have a need to bring dispersed teams, business partners, and customers together to communicate and collaborate. Conference phones from Polycom have become the de facto standard for connecting groups of people across multiple locations. With the Polycom® SoundStation Duo™ conference phone, Polycom has taken the concepts of group productivity tool and standard office workhorse to a new level for small to midsize rooms, delivering the ultimate in deployment flexibility, ease of use, and audio quality.

Unrivaled Investment Protection with the Broadest Connection Options
Whether you currently have a traditional circuit-switched connection or have already migrated to Voice over IP (VoIP) telephony, the Polycom SoundStation Duo phone works. In VoIP environments, the SoundStation Duo conference phone delivers the most robust standards-based interoperability in the industry.

Lower Cost of Deployment and Administration
Setting up the SoundStation Duo phone is simple with a Web-based tool that also provides configuration options and facilitates online software upgrades. The phone's large backlit display offers easily visible call information, telephone functions, and broad multi-language support.

Crystal-clear Voice Conferencing with No Compromises
Backed by Polycom's legendary audio technology, the SoundStation Duo phone delivers remarkably clear voice quality. From Polycom HD Voice™ technology and full-duplex audio to the latest in echo cancellation and resistance to mobile phone and wireless device interference, the SoundStation Duo conference phone delivers unrivaled group conferencing experiences without distractions.
