

Access Control Door Phones

Calling All Dealers!

Provide telecom security solutions that promote your customer's business

■ Indoor/Outdoor Installation ■ Vandal and Weather-Resistant ■ Built-In Camera

PanCam-C

PanCam-T

The PanCam is a smart wall mounted Access Control Door Phone for use with a door-relay access control, and with an internal black & white or color high-quality pinhole camera encased within the unit.

Aleen offers a wide range of Access Control Door Phones for indoor and outdoor installations, connected to an analog port of the office PBX or to a home phone line. Choose from our simplest one-button version to the most sophisticated unit which includes a full dial pad and built-in camera to monitor visitors at the entrance. All Access Control Door Phones incorporate cutting edge technology, providing a high quality speaker-phone and control of an electromagnetic door lock. Access Control Door Phones are easy to set up, modern and durable in design, providing "Plug and Play" installation.

PanKav

The Pan Kav is a residential and commercial grade telephone entry system connected to the Home phone line, allowing communication with visitors at a remote location, where access is granted via the user's touch-tone telephone.

Pancode Indoor

Pancode Outdoor

With a wide range of products we also offer Indoor units with a plastic housing, full keypad for the entry level, or with just a single button.
