

IP Phone Manager Pro Licensees

IP 400 Phone Manager Pro RFA (177474) UNLIMITED

IP 400 Phone Manager Pro RFA adds unlimited Phone Manager Pro users.

IP 400 Phone Manager Pro is an attractive upgrade option than the lite version, which comes standard with the IP office systems, for growing companies that want to give their employees more autonomy in customer service. Building on the value of Phone Manager Lite with useful additions that minimize labor and maximize productive time, Phone Manager Pro can help to empower all employees to contribute even more to a positive customer experience. It allows complete control of telephone functions and integration into contact management applications like ACT, Outlook, and Goldmine.

Note: RFA (Remote Feature Activation)
