

## Norstar Caller ID Trunk Cartridge NT5B41GC

LS/DS Global Analog Trunk Cartridge with Caller ID

- ✓ The Caller Identification (CI) Trunk Cartridge has the same functionality as the LS/DS Trunk Cartridge but with the additional capability to detect and translate incoming CMS/CLASS information for display on Norstar sets.
- ✓ The CI Trunk Cartridge is required when any CMS/CLASS lines terminate on the Compact ICS core or the Modular ICS core or trunk modules.
- ✓ Provides access for up to four Central Office analog lines.
- ✓ Compatible with the Modular ICS core, Fiber and Copper Trunk Modules, the Compact ICS core and the Modular 8x24 DR 5 Copper Trunk Module.
